I understand that I have been diagnosed with.....  
I will be treated with anticancer therapy potentially including biologic agents to try to reduce or possibly eliminate the cancer cells in my body. This consent form provides authorization for repeat cycles of the medications listed below. I hereby consent to treatment with the following anticancer therapy:

(List all agents included in the anticancer therapy regimen)

Which will be administered under the direction of the Oncology consultants at Omega Hospital, Plot No. 173 & 178, Maruthi Nagar, Opp. Vaartha Office, NDK Road, Kumool - 518003. A.P. The substantial risks/potential side effects from this therapy may include, but are not limited to: nausea and vomiting, diarrhea, mouth sores, fatigue, loss of appetite, hair loss, skin rash, constipation, numb fingers or toes, pain, tiredness, chills/fever, sterility, headache, damage to blood vessels, elevated blood sugar, eye irritation, bleeding into the bladder, allergic reaction, coma, tissue damage at the IV site, hearing loss, vision changes, abnormalities in the liver, kidney, lung, heart, pancreas, other organs or brain function, low red blood count which may result in loss of energy, low white blood cell count which may increase risk of infection, low platelet count which may cause bruising or bleeding. Secondary cancer, complications leading to death & others.

Substantial risks/side effects may be treated with medications for nausea, diarrhea, pain, high blood sugar and/or bladder problems. The substantial risks/side effects of low blood counts may be treated with antibiotics, other medications, hospitalizations. Or transfusion of red blood cells or platelets. I am aware that therapy may involve substantial risks/side effects to me (or my fetus, if I am pregnant) which cannot be predicted. I have been told to use effective birth control to prevent pregnancy. If I feel I may be pregnant, I will tell my doctor immediately.

The potential benefit(s) of this therapy include but are not limited to better control of my cancer, or improvement in symptoms related to my cancer:

- I understand that the information I have received about risks is not exhaustive and there may be other, more remote risks.
- I have had the opportunity to ask questions regarding the proposed treatment(s) and all of my questions have been answered to my satisfaction and in terms I understand.
- I have read or have had read to me this informed Consent Form
- I have had explained to me and understand the potential benefits and drawbacks, potential problems related to recuperation, the likelihood of success, the possible results of non-treatment, and any medically reasonable alternatives.
- I have received no guarantees from anyone regarding the results that may be obtained.
