**OFFICIAL POLICY ISSUANCE NOTICE:** This Certificate of Health Insurance confirms that Mrs. Kanala Parvathamma and her registered dependent family members are enrolled under the Dr. YSR Aarogyasri Health Care Scheme converged with Ayushman Bharat PM-JAY. Under the terms of this universal policy schedule, beneficiaries are entitled to **100% cashless healthcare services up to Rs. 25,00,000 per family per annum** with zero out-of-pocket medical expenditure. All services must be availed across recognized empanelled network hospitals upon valid biometric/Aadhaar verification.

TERMS OF HEALTH INSURANCE COVERAGE & OPERATIVE CASHLESS CLAUSES  
REGULATORY TERMS GOVERNING DR. YSR AAROgyASRI & AYUSHMAN BHARAT ASSURANCE SCHEME

SECTION 4: OPERATIVE CLAUSES, BENEFIT HEADS & INDEMNITY LIMITS

- 4.1 Universal Cashless Healthcare Mandate (Zero Out-of-Pocket Expense):**  
It is a core condition of this Health Insurance Policy that all authorized secondary and tertiary in-patient care is extended on a **strict 100% cashless basis**. Empanelled network healthcare providers are contractually bound under Trust regulations to deliver end-to-end medical care without requiring any cash deposit, advance payment, or supplemental out-of-pocket charges from the beneficiary.
- 4.2 In-Patient Hospitalization Benefit (IPD):**  
Coverage extends to medically necessary room, boarding, and nursing expenses; intensive care unit (ICU / ICCU) charges; specialized physician and surgeon fees; anesthesia; surgical procedures; operating theater costs; routine clinical monitoring; and essential surgical implants authorized under the Trust package master.
- 4.3 Intensive Care Unit (ICU) & Critical Care Support:**  
Full indemnity is extended for admissions requiring intensive care, invasive hemodynamic monitoring, cardiac life support, continuous mechanical ventilation, and multi-organ life sustaining therapies without separate sub-limits or co-payment restrictions.
- 4.4 Comprehensive Medical & Surgical Oncology Cover:**  
The policy covers specialized cancer treatment modalities including surgical oncological resections, medical oncology protocols, chemotherapy cycles, targeted molecular therapies (including Temozolomide and advanced neuro-oncology biological agents), radiation oncology, and specialized post-operative biopsy/histopathology evaluation (POST-OP HPE) authorized by the Multidisciplinary Tumor Board.
- 4.5 Day Care Treatment & Advanced Medical Regimens:**  
Medically necessary procedures and specialized systemic infusions undertaken in an empanelled network hospital requiring less than 24 hours of hospitalization due to modern medical advancements (including chemotherapy infusions, hemodialysis, and specialized minor surgical resections) are fully covered under the cashless schedule.
- 4.6 Pre-Hospitalization & Post-Discharge Medical Coverage:**
- *Pre-Hospitalization:* Diagnostic investigations (laboratory tests, pathology profiles, radiological imaging, CT scans) conducted up to **5 days prior** to hospitalization that directly relate to the authorized episode are enveloped into the approved package.
  - *Post-Hospitalization:* Entitlement includes the supply of prescribed post-discharge oral medications for up to **10 days**, follow-up consultations, and post-operative stitch removals at no supplementary charge.
- 4.7 Inter-District Patient Transportation Allowance:**  
The scheme provides fixed cash travel reimbursement allowances directly to the beneficiary upon discharge to mitigate transportation expenses between their registered residence in Muddavaram, Bethamcherla Mandal and regional tertiary network cancer hospitals.

SECTION 5: PRE-EXISTING ILLNESS CLAUSE & WAITING PERIOD STIPULATIONS

- 5.1 Day-One PED Coverage (Zero Waiting Period):** All pre-existing illnesses, chronic conditions, and long-standing comorbidities documented at the time of enrolment are covered with **zero waiting period (Day 1 Cover)**, provided the policyholder possesses an active BPL/White Card and biometric verification on the Trust portal.
- 5.2 Family Floater Limit Utilization:** The annual floater sum insured of Rs. 25,00,000/- is available collectively to all enrolled family members. Once insurer-approved claims reach the cumulative threshold within the policy period, additional catastrophic top-ups remain accessible through Trust Board discretionary sanctions.
- 5.3 Portability & National Convergence:** This policy integrates seamlessly with Ayushman Bharat PM-JAY national portable network guidelines, enabling eligible secondary/tertiary admissions across all recognized network facilities in Andhra Pradesh, Telangana, Tamil Nadu, and Karnataka.

POLICY EXCLUSIONS, NON-PAYABLE EXPENSES & PRE-AUTHORIZATION PROTOCOLS  
REGULATORY BOUNDARIES, STATUTORY EXCLUSIONS & STEP-BY-STEP ADMISSION RULES

SECTION 6: STANDARD POLICY EXCLUSIONS & SPECIFIC NON-COVERED EXPENSES

- 6.1 Purely Cosmetic & Aesthetic Treatments:** Surgeries or clinical interventions undertaken primarily for aesthetic, cosmetic, or reconstructive enhancement not necessitated by oncology resection, trauma, congenital anomalies, or burn contractures.
- 6.2 Outpatient Care Exclusions:** Standalone out-patient department (OPD) visits, routine prescription purchases, and general checkups not leading to authorized in-patient or listed day care hospitalization (primary OPD is facilitated via Govt. Village/Ward Secretariats and PHCs).
- 6.3 Non-Empanelled Healthcare Providers:** Medical treatment received in private healthcare institutions not empanelled with the Trust, except in emergent life-threatening resuscitation circumstances subject to ex-post facto Trust Board sanction.
- 6.4 Personal Luxury & Comfort Expenses:** Non-clinical comforts including deluxe/private room suite upgrades, telephone charges, extra attendant dietary preferences, personal toiletries, and special private nurse requests.
- 6.5 Unproven & Experimental Modalities:** Experimental clinical trials, alternative therapies without established scientific base, and unauthorized drug regimens not sanctioned by standard ICMR or NCCN clinical oncology protocols.

SECTION 7: STEP-BY-STEP CASHLESS ADMISSION & PRE-AUTHORIZATION WORKFLOW

|        |                                            |                                                                                                                                                                                                                                                                                       |
|--------|--------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| STEP 1 | Helpdesk Verification (Vaidya Mithra)      | The beneficiary presents the Dr. YSR Aarogyasri Health Card ( <b>WAP133001400350/04</b> ) or Aadhaar Card at the 24x7 helpdesk situated in any empanelled network hospital. The <b>Aarogya Mithra / Vaidya Mithra</b> verifies eligibility via Aadhaar biometric authentication.      |
| STEP 2 | Specialist Clinical Assessment & Diagnosis | The attending specialist / neuro-oncologist examines the patient, establishes diagnostic criteria (clinical staging, radiological scans, biopsy HPE), prepares the treatment protocol, and initiates an electronic Pre-Authorization Request Form (PRF) through the Trust MIS portal. |
| STEP 3 | Trust Adjudication & Pre-Auth Sanction     | The Trust Medical Board reviews clinical reports and issues electronic Pre-Authorization approval within 12 hours. The pre-authorization endorses <b>100% cashless healthcare coverage</b> without any upfront deposit or co-payment liability.                                       |
| STEP 4 | Cashless Care Delivery & Discharge         | The network hospital administers complete medical/surgical care on a cashless basis. Upon discharge, the beneficiary receives a comprehensive bilingual discharge summary, 10 days of post-discharge medicines, and return travel allowance.                                          |

**STATUTORY CASHLESS PROTECTION DIRECTIVE:** Network healthcare providers are strictly prohibited from demanding any upfront deposits, caution monies, or unauthorized charges from the beneficiary. Under Government of Andhra Pradesh rules, all approved package treatments are 100% cashless. Beneficiaries encountering any demand for payment should immediately contact the 24x7 Toll-Free Helpline at 104.

BENEFICIARY RIGHTS CHARTER, NETWORK DIRECTORY & STATUTORY CERTIFICATION

QUALITY STANDARDS, REGIONAL HELPDESKS & OFFICIAL TRUST UNDERWRITING SIGNATURES

SECTION 8: POLICYHOLDER & BENEFICIARY RIGHTS CHARTER

- **Right to 100% Cashless Service Delivery:** Guaranteed cashless admission across all empanelled network hospitals without pre-admission cash deposits or out-of-pocket medical expenses.
- **Right to Dignified & Equal Care:** Full entitlement to professional medical standards, clean hygienic inpatient ward amenities, and nutritious diet without distinction between scheme and private patients.
- **Right to Complete Clinical Disclosure:** Unconditional right to receive clear explanations in Telugu regarding diagnosis, surgical intervention, medication regimen, and clinical prognosis.
- **Right to Free Hygienic Diet & Attendant Support:** Complimentary wholesome meals and clean drinking water throughout the hospitalization duration for the patient and primary attendant.
- **Right to Medical Records & Free Follow-Up:** Full complimentary copies of radiological scans, pathology biopsy HPE reports, bilingual discharge summary, and complimentary 21-day follow-up review.
